

Ten frames

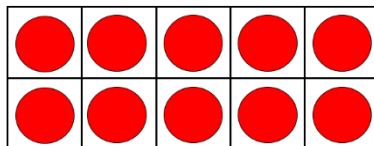

Section 12: Beyond 20

Once ten and twenty have been established, you can use multiple frames to count on in tens.

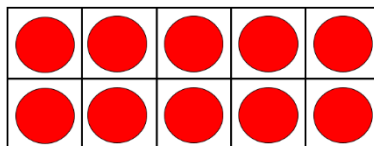

10 *1 ten* ten

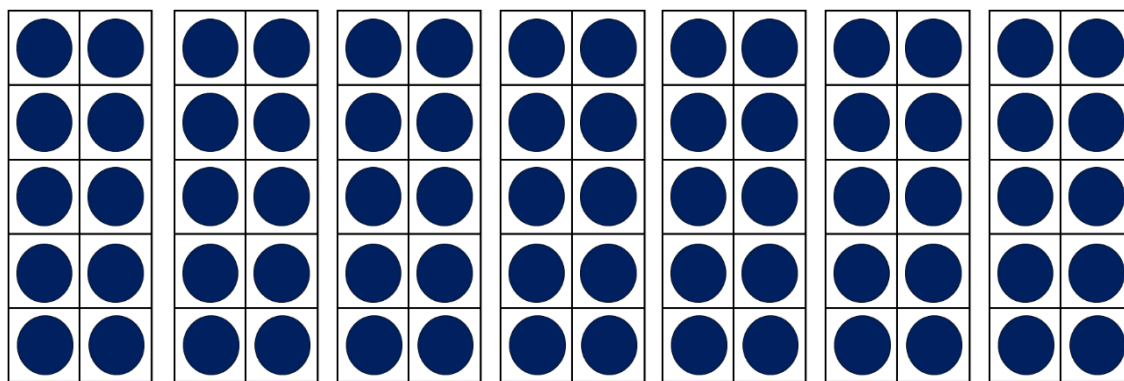

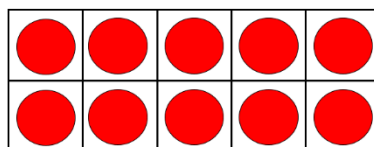

20 *2 tens* twenty

30 *3 tens* thirty

40 *4 tens* forty

0 10 20 30 40 50 60 70

Older children may also use the ten frames in different ways to explore decimals and place value.
